Swift's Specific

Is nature's own remedy, made from roots gathered from the forest of Georgia. The method by which it is made was obtained by a half-breed from the Creek Indians who inhabited a certain portion of Georgia, which was communicated to one of the early settlers, and thus the formula has been handed down to the present time. The above cut represents the method of manufacture twenty years ago, by Mr. C. T. Swift, one of the present proprietors. The demand has been gradually increasing until a \$100,000 laboratory is now necessary to supply the demand. A foreign demand has been created, and enlarged facilities will be necessary to meet it. H. E. Grow, Electrophysician, No. 112 W. South Temple Street, opposite Valley House, and next to Sandberg's store.

SALT LAKE CITY, October 1st, 1885.

Mr. H. E. Grow:

Dear Sir:—I cheerfully give you my testimonial to the efficacy of your treatment by electricity. I was severely afflicted with sciatica rheumatism, but am now happy to state entirely cured by your treatment, and recommend the same to all those afflicted with the disease.

JAMES WATSON,
Bishop Nineteenth Ward.

SALT LAKE CITY, October 12, 1885.

Mr. H. E. Grow:

Dear Sir:—Previous to coming to you for electric treatment I had suffered for many years and had sought relief from the best physicians both in Europe and America without much benefit, but am thankful that I can state that through your treatment I have been greatly benefited.

Very Respectfully,
VIRGIL CLIFT,
Clift Row, West Temple Street.

H. E. Grow, Esq:

Dear Sir:—For nine months succeeding the birth of my last child, my suffering was most intense. I was afflicted with constipation, vertigo, humpago, and a complication of other ailments, from which only women suffer. During all those weary months I was confined to my bed, and room, and was attended by different physicians, and tried various remedies, but without avail. I heard of your success in treating diseases by electricity, and resolved to try your treatment, with but little faith, however, that I could be cured. But I now rejoice to know that you, under divine providence, have restored my health. And I feel it a duty I owe to the afflicted, to make my case known, and to recommend your system, for the treatment of similar cases.

Respectfully,
MINNIE MADSEN.

Consult the above named Mrs. Madsen, at Madsen's furniture store, No. 38 and 41, First South Street.

H. E. Grow:

Dear Sir:—About seven years ago I was attacked with typhoid fever and during the protracted illness which followed, my hearing became so much impaired that I couldn't hear unless spoken to in the loudest voice, for all these years I have endured this distressing misfortune without finding relief, until I tried your Electric Treatments for Deafness, and am now most happy to state that you have restored my hearing so that I can distinctly hear when spoken to in the ordinary way and can converse with my friends as I could before this affliction came upon me.

Mrs. CHARLOTTE RAMSON,
Sixteenth Ward.

In Life's Decline.

Infirmities beset us to which our youth and maturity were strangers. Weakness of the joints, rheumatic ailments, dyspepsia, loss of appetite and quiet sleep, are among these. As a means of counteracting the infirmities of age, Hostetter's Stomach Bitters is unrivaled. It quickens and enriches the sluggish and impoverished circulation, begets a hearty appetite and youthful relish for the food, and enables the stomach to digest it. It soothes and invigorates the nervous system and checks a tendency to rheumatism. Its quieting action upon the great sympathetic nerve, which connects the stomach with the brain, results in the speedy departure of the restlessness by night and disquietude by day, which are the reflected manifestations of dyspepsia. It is a most effective antidote to the poison of malaria, gives a faithful impetus to the action of the kidneys and bladder, and is an admirable means of reinvigorating vigor when impaired by overwork or other cause.

Millinery Novelties.

Mrs. Wilkinson, No. 31 W. First South Street, has received and is constantly receiving a full line of Fall and Winter Goods: Leather Hats, Turkish Caps and all the other novelties of the season. The ladies of Salt Lake are invited to call and inspect for themselves.

An Important Discovery.

The most important Discovery is that which brings the most good to the greatest number. Dr. King's New Discovery for Consumption, Coughs, and Colds, will preserve the health and save life, and is a priceless boon to the afflicted. Not only does it positively cure Consumption, but Coughs, Colds, Bronchitis, Asthma, Hoarseness, and all affections of the Throat, Chest, and Lungs, yield at once to its wonderful curative powers. If you doubt this, get a Trial Bottle Free, at Z. C. M. I. Drug Store.

Surface Indications

What a miner would very properly term "surface indications" of what is beneath, are the Pimples, Sties, Sore Eyes, Boils, and Cutaneous Eruptions with which people are annoyed in spring and early summer. The effete matter accumulated during the winter months, now makes its presence felt, through Nature's endeavors to expel it from the system. While it remains, it is a poison that festers in the blood and may develop into Scrofula. This condition causes derangement of the digestive and assimilatory organs, with a feeling of nervousness, languor, and weariness—often lightly spoken of as "only spring fever." These are evidences that Nature is not able, unaided, to throw off the corrupt atoms which weaken the vital forces. To regain health, Nature must be aided by a thorough blood-purifying medicine; and nothing else is so effective as

Ayer's Sarsaparilla,

which is sufficiently powerful to expel from the system even the taint of Hereditary Scrofula. The medical profession endorse AYER'S SARSAPARILLA, and many attestations of the cures effected by it come from all parts of the world. It is in the language of the Hon. Francis Jewett, ex-Senator of Massachusetts and ex-Mayor of Lowell, "the only preparation that does real, lasting good."

That he could only bear to lie in a reclining position.

This refers to my case.

I was Attacked twelve years ago with "Locomotor Ataxia"

(A paralytic disease of the nerve fibre rarely cured)

and was for several years barely able to get about.

And for the last five years not able to attend to my business, although

Many things have been done for me.

The last experiment being Nerve stretching.

Two years ago I was voted into the

And made many objections to my dear wife's constant urging to try Hop Bitters, but finally to pacify her—

Consented!!

I had not quite finished the first bottle when I felt a change come over me.

This was Saturday, November 3rd. On Sunday morning I felt so strong I said to my room companions, "I was sure I could

Walk!"

So started across the floor and back.

I hardly knew how to contain myself. I was all over the house. I am gaining strength each day, and can walk quite safely without any

THE GENEVA NURSERIES

A New York Tribune representative recently had occasion to visit the well-known and justly celebrated "Geneva Nurseries," which are situated near the village of Geneva, Ontario County, N. Y., and now extend over an area of 500 acres. These Nurseries were established in the year 1846 by Messrs. William and Thomas Smith, the present proprietors, and are now the largest in the country. A thorough inspection of the various departments of these Nurseries evinces the fact that every possible care and precaution is taken in the dissemination of varieties, and so thorough is the system that it is almost impossible for an error to occur.

This is an all-important point for the public, for it insures to them that whatever they may purchase from W. & T. Smith will be true to name.

Immense packing sheds and cellars have been erected for the packing of seeds and plants, and no expense or labor has been spared to provide facilities to insure the handling of the stock in the best possible manner.

The Messrs. Smith cultivate an immense assortment and variety as well in the Ornamental as in the Fruit Department, in fact everything is grown here that is hardy and worthy of cultivation. To accomplish all this has taken many years of hard work and a large outlay of money, and of all this their customers have the benefit.

The soil is gravelly, with a heavy silt sub-soil, particularly well adapted to the growth of trees, which fact has been fully proven, for they have shipped thousands of trees to far distant sections of the country for many years past, viz: The Territories of Montana, Dakota, Utah, etc. A large shipment will be made in the spring for Italy.

Trees for this remote section are packed in boxes specially made for the purpose, and always reach their destination in the best possible condition.

It is a notable fact that the trees grown in the Geneva Nurseries transplant better than those raised in any other section, withstanding severe cold and extreme heat, with no injury. The soil produces healthy, long-lived trees, which is of the greatest importance to every planter. Another very important fact is, that being furnished with a more abundant supply of healthy, well-ripened and fibrous roots, they bear transplanting to a different soil and climate much better. In the cold Northern Territories, thriving orchards of trees that were raised in the Geneva Nurseries and which are now producing fruitful fruit, prove their hardiness, and again in the extreme South, the same trees, when transplanted to a warm climate, test of their ability to stand extreme heat is proven by the fact that the Messrs. Smith have sold large quantities of their stock for many years past to the leading Southern nurserymen, and it has always given the very best of satisfaction.

The firm showed us letters from the leading nurserymen of the country, as well as from the leading fruit growers and others who have dealt with them for the last quarter of a century, all testifying to the fine quality of the stock and the very satisfactory manner in which the business has been conducted. No firm in the nursery business stands higher, none is better known, and none more deserving of patronage.

The Retail Department now employ over two hundred agents, and it is the intention of the firm to largely increase the number of their salesmen this season.

This firm can be constantly recommended, both to purchasers of nursery stock, and to parties wanting situations, as trustworthy in every respect.

Those seeking employment will find them a good firm to work for, and backed by their well-established reputation for good stock and fair dealing, an agent who is earnest in his work can command success. These are the only nurseries in the country known as the "Geneva Nurseries."

McClelland's Oboseques.

New York, October 30.—It has been definitely arranged that the funeral of General McClellan will take place at ten o'clock on Monday morning from Madison Avenue Presbyterian Church. In accordance with the request of Mrs. McClellan there will be no military demonstrations, although all veterans who served under the General have been invited to the funeral. Rev. Dr. Parker will conduct the simple services of the dead, and no eulogy will be pronounced. The pall-bearers thus far selected are General W. S. Hancock, General Joseph E. Johnston, General Martin F. McMahon, General Fitz John Porter, General V. B. Franklin, Hon. H. C. Kelsey and Col. O. H. Wright, of Newark. The interment will take place in the family plot at Trenton on the same day. Mrs. McClellan has received telegraphic messages of condolence from General Joseph E. Johnston, Governor Pattison, of Pennsylvania; W. W. Story, the sculptor of Rome; Marquis de Torrigiani, of Italy, and many other distinguished people. General Shaler has placed the first division of the National Guard at the service of General McMahon, to act as a military escort, but the offer, in compliance with Mrs. McClellan's wish, was declined with many thanks. General McMahon came to this city from Orange today, and will return to the McClellan residence this afternoon to make further arrangements. The array of the Potomac will send a representative to the funeral.

SPRING FEVER
At this season nearly every one needs to use some sort of tonic. IRON enters into almost every physical process, and for those who need building up.

BROWN'S
IRON
BITTERS
—THE BEST TONIC.

For Weakness, Lassitude, Lack of Energy, &c., it HAS NO EQUAL, and is the only iron medicine that is not injurious. It enriches the blood, invigorates the system, restores appetite, aids digestion. It does not blacken or injure the teeth, cause heart-ache or produce constipation—other iron medicines do. Dr. G. H. BUNLEY, a leading physician of Springfield, O., says:

"Brown's Iron Bitters is a thoroughly good medicine. I use it in my practice, and find its action exceeds all other forms of iron. In weakness, or a low condition of the system, Brown's Iron Bitters is usually a positive necessity. It is all that is claimed for it."

Genuine has trade mark and crossed red lines on wrapper. Take no other. Made only by BROWN CHEMICAL CO., BALTIMORE, MD. LARGEST BOTTLES—useful and attractive, containing list of prices for recipes, information about color, etc., given away by all dealers in medicine, or mailed to our address on receipt of 10¢ stamp.

ECZEMA ON A CHILD.
Your most valuable CUTICURA REMEDIES have done my child so much good that I feel like saying this for the benefit of those who are troubled with skin disease. My little girl was troubled with Eczema, and I tried several doctors and medicines, but did not get any good until I used the CUTICURA REMEDIES, which speedily cured her, for which I owe you many thanks and many nights of rest.
ANTON BOSSMIE, Edinburgh, Ind.

TETTER OF THE SCALP.

I was almost perfectly bald, caused by Tetter of the top of the scalp. I used your CUTICURA REMEDIES about six weeks, and they cured my scalp perfectly, and now my hair is coming back as thick as it ever was.
J. R. CHOICE, Whitesboro, Texas.

COVERED WITH BLOTCHES.

I want to tell you that your CUTICURA RESOLVENT is magnificent. About three months ago my face was covered with blotches, and after using three bottles of RESOLVENT I was perfectly cured.
